Co-funded by the
Erasmus+ Programme
of the European Union

WHAT DID WE DO IN THE FIRST YEAR?

- HIGHLIGHTS -

We...

- ✓ Studied best EU practices in the field of mobility
- ✓ Did the research of the existing regulatory basis
- ✓ Identified deficiencies and potentials of the existing mobility programs
- ✓ Investigated students' needs and wishes regarding mobility
- ✓ Started with development of employees' competence profile
- ✓ Trained teaching and administrative staff from HEIs to be well-prepared for new mobility formats and programs

STUDENTS SAID AND THE SURVEY CONFIRMED...

"...outgoing mobility enhances graduates' attractiveness within the labor market and enables them to successfully compete for jobs in a global environment, enhancing also the qualities that employers and institutions understand as the global competency of graduates."

"...outgoing mobility improves skills, competencies and personal attributes of participating students."

WHEN IT COMES TO MOBILITY PROGRAMS FOR TEACHING STAFF...

"...exposure to different learning and working environments during outgoing mobility of teaching staff is recognized as rationale and benefit for them."

"Surveyed universities consider that outgoing mobility experience does have the reflection on academic growth, personal development and further academic career of teaching staff."

WHAT ARE WE UP TO NOW?

We are in the process of intense preparations for the first virtual mobility run and, among other, busy developing...

- Selection criteria
- Methodological framework for students' mobility programs
- Research methodology courses to prepare students for conducting high-quality research
- Preparatory coaching lectures for students participating in mobility with topics on:

- Cultural diversity and integration
- Intercultural communication
- Time-, Team- and Conflict management
- How to improve academic English skills and effectively fight cultural barriers in multinational teams
